For the seventh time, IFLOS is organising a Summer Academy

“Uses and Protection of the Sea – Legal, Economic and Natural Science Perspectives”

which will take place at the International Tribunal for the Law of the Sea (ITLOS) from 21 July to 16 August 2013.

If you are interested in further details of the programme please refer to www.iflos.org

The Summer Academy is an international centre of excellence for studies of both international law of the sea and maritime law and includes related topics of economic and natural sciences. Again, it will bring together a prestigious faculty from among the judges of the Tribunal, professors and professionals from the maritime field with a dedicated group of 38 highly motivated participants from 30 nations around the globe. In close co-operation with the International Tribunal for the Law of the Sea and our Supporters, 17 participants, predominantly from developing countries, were provided with a Scholarship to enable them to attend the Academy.

IFLOS is pleased to announce a public event in the “Moot Court” Auditorium at Bucerius Law School which will be open for registered guests. Mr. Michael W. Lodge (Deputy to the Secretary-General and Legal Counsel International Seabed Authority) will speak about “Deep seabed mining – Is it about to start?”.

We would like to invite you to attend this public event at Bucerius Law School and ask you to return the registration form as soon as possible.
