

International Maritime Museum

We are visiting the International Maritime Museum! There, we will learn a lot about ships in general, miniature ships, and the history of shipping.

We will start together from Klein Flottbek directly after lunch, taking the **S1 to Hauptbahnhof (main station)**. There we will change into the **U4 to Hafencity Universität**. From that station, it is just a few minute walk to the Museum. The tour at the Museum starts at 15:30.
