If you are interested in further details of the programme please refer to www.iflos.org

The Summer Academy is an international centre of excellence for studies of both international law of the sea and maritime law and includes related topics of economic and natural sciences. Again, it will bring together a prestigious faculty from among the judges of the Tribunal, professors and professionals from the maritime field with a dedicated group of 32 highly motivated participants from 30 nations around the globe. In close co-operation with the International Tribunal for the Law of the Sea and our Sponsors, the Foundation has provided 16 participants, predominantly from developing countries, with a scholarship to enable them to attend the Academy.

IFLOS is pleased to announce a public event in the courtroom of the International Tribunal for the Law of the Sea which will be open to registered guests, namely a Guest Lecture dealing with “Challenges for the Shipping Industry in the 21st Century” by Mr. Ralf Nagel (Minister ret., Chief Executive Officer, German Shipowners’ Association).

We would like to invite you to attend this public event at ITLOS and ask you to return the registration form as soon as possible.
