Legal, Economic and Natural Science Perspectives”***

which will take place at the International Tribunal for the Law of the Sea (ITLOS) from 27 July to 22 August 2014.

If you are interested in further details of the programme please refer to www.iflos.org

The Summer Academy is an international centre of excellence for studies of both international law of the sea and maritime law and includes related topics of economic and natural sciences. Again, it will bring together a prestigious faculty from among the judges of the Tribunal, professors and professionals from the maritime field with a dedicated group of 41 highly motivated participants from 33 nations around the globe. In close co-operation with the International Tribunal for the Law of the Sea and our Supporters, 18 participants, predominantly from developing countries, were provided with a Scholarship to enable them to attend the Academy.

IFLOS is pleased to announce a public event at Bucerius Law School which will be open for registered guests. Ms. Gabriele Goettsche-Wanli (Director, Division for Ocean Affairs and Law of the Sea, United Nations) will speak about “Current Topical Law of the Sea Issues at DOALOS”.

We would like to invite you to attend this public event at Bucerius Law School and ask you to return the registration form as soon as possible.
