For the third time, IFLOS is organising a Summer Academy

***“Uses and Protection of the Sea –  
Legal, Economic and Natural Science Perspectives”***

which will take place at the International Tribunal for the Law of the Sea (ITLOS) from 26 July to 23 August 2009.

If you are interested in further details of the programme please refer to [www.iflos.org](http://www.iflos.org)

The Summer Academy is an international centre of excellence for studies of both international law of the sea and maritime law and includes related topics of economic and natural sciences. Again, it will bring together a prestigious faculty from among the judges of the Tribunal, professors and professionals from the maritime field with a dedicated group of some 30 highly motivated participants from around the globe. In close co-operation with the International Tribunal for the Law of the Sea and our Sponsors, the Foundation has provided about 15 participants from developing countries with a scholarship to enable them to attend the Academy.

IFLOS is pleased to announce a public event in the courtroom of the International Tribunal for the Law of the Sea dealing with the current situation in the shipping markets which will be open to registered guests, namely a Guest Lecture by the renowned shipping expert Dr. Martin Stopford (Managing Director, Clarkson Research), followed by a Panel Discussion with a high-profile group of participants as set out at the front page of this invitation.

***We would like to invite you to attend this public event  
at ITLOS and ask you to return the registration form  
as soon as possible.***
